- **“For Your Love Is Ever Before Me” Chronicles:**
 - Father, as we find ourselves in the House of Prayer, we ask that you would examine our hearts, so that we may be found faithful in your love that guides us. Search our hearts concerning the things of this world that we would be found setting our minds on the things above and setting our goals to store up treasures in heaven that would escape the vanity of this temporal world. Father, examine us and prove the works of our hands that those fruits would be pleasing in your sight, and in so doing, that we might proclaim those works for the kingdom's purpose. Father, as we find favor with you, help us walk in the truth of your word; and let it bear fruit that would remain for the healing of our homes, communities, and country.
 - For your love is ever before us, and your loving kindness guides us. So, in this Lord, we ask that you examine us in these areas: that we set up treasures in heaven; that our minds are on things above; that we would proclaim your works; that we would walk in your truth; that our fruit would remain and bear more fruit. So, Lord, examine us, oh, Lord and prove us. In Jesus' name. Amen.
 - Examine me, oh Lord, as we walk in your righteousness and your blessings. Your faithful love guides me and keeps me on the straight and narrow path. Our rewards will be accumulated in treasures of heaven that we will receive one day. Father, we at New Life will stay focused on the things above, and we will rejoice in your presence. This house decrease that you, God, will examine us and prove us so that we can boldly walk in your truth and proclaim your work every day of our life. As we walk closer to you, God, we will bear fruit that the enemy will not be able to defeat. We will stay focused, Lord. Amen.
 - Examine us, oh Lord, even as your faithful love guides us. Help us to rightly discern the things we put our faith in, that they might be rightly stored as treasure in heaven. Our desire is that our minds be set only on things above; so examine us, oh Lord, and prove us in your fire that we may boldly proclaim your works on earth and in heaven above. That it might be said we walk in your truth, oh Lord, that we would bear much fruit that remains. In Jesus' name.
 - Examine me, oh Lord, and test my mind and my heart as I long to walk in truth. Your faithful love guides me to help me store up treasures in heaven and not here on earth. I hear you calling me to a higher spiritual place as you say, “Set your mind on things above and walk with me.” I ask you again, examine me, oh Lord, and prove me, that I might proclaim your works with the voice of thanksgiving. Help me to walk in your truth, oh Lord, that I might be able to wash my hands in innocence. Draw me close and let's bear fruit that remains that I might stand in the congregations as I bless the Lord all the days of my life. In Jesus' name, amen.

- Dan Hanselman's Prophetic Word: What I was seeing is a wheat field; and it's not just quite ripe, but it's getting close. And the Lord says, "Get your tools ready. Sharpen your sickles so that you can go into the harvest, into the field to harvest the wheat. For I am bringing forth much fruit at this time in this hour, but you have to be ready. Do not sleep. Repair the equipment that you have laid down and left to the side. It's time to bring it back to life. Fix it. Look beyond. Look beyond, for this is the time in this season that you will need every tool that I have given you for this time of harvest. For the seed has been planted, and you have seen growth come forth. This is the time; this is the time not to be slothful but press into me and watch what I do through you. For I have given you the spirit of power and authority over the demonic, and it shall not harm you, but you will push it back. You will push it back. And I will show you how much I love those that are in darkness. For put on your shield and armor for I am sending you into places that you have refused to go before. But this is where I am strengthening you. Have courage. Fear not. Just be reverent toward me and watch what I do through you" says the Lord.
