- **“The New Year: 2023-Tapping into the Prophetic” Chronicles:**
 - Lord God, in 2023 let us be found faithful. May we break forth on every side in peace with overflowing joy. May we take things, first things first, in total peace and in the knowing that it is time. May we begin by tapping into the prophetic and singing unto the Lord a new song. In 2023, may our light so shine before men and may we trust in you with all our hearts. Let forgiveness be at the top of our list as we search out the things that are hidden. We understand that it is time to stop striving for what we already have. Above all, we ask that 2023 would be infused with hope. Thank you that at New Life you have planted us as trees of righteousness to stand boldly for you; not only in this year, but all the years to come.
 - Lord, we pray that the faithful men and women of God will break forth in praise and in song of the Lord our God. May your peace cover the earth as your people rise up in overflowing joy! Let us put first things first as your peace rushes forth to say, “It's time!” Help us to take hold of your promise that with the beginning of the year 2023, you are giving us access for tapping into the prophetic. With this access, we vow to sing unto the Lord a new song as we let your light so shine through us before all of the world. Your word encourages us to “trust in the Lord with all your heart”, so give us more revelation of how to fully walk out trusting in you. We thank you that your forgiveness has been poured out for us; and we commit to search out things that are hidden so that we can walk fully in the plan you have for us at New Life and at Grace Place. We declare that we will stop striving for what you already have given us; but instead, will take hold of your gifts and your promises so that hope rises up in greater abundance. Now under the power of your spirit, we take our place as trees of righteousness to be your prophetic voice for 2023. In Jesus' name, Amen.
