- **“Intercessors on the Ground” Chronicles:**
 - Dear Israel, we pray for your peace that you would be glad, for the Lord is looking down from heaven. He's sending support from Zion for you: putting your enemies to shame and perish. He alone will deal with them to deliver and push back your enemies. As the Holy Spirit speaks to you, the people of Israel, be strong and do not fear. Accept Jesus as your Lord and Savior for He is your refuge and your hiding place.
 - Father God, tonight we stand in your sanctuary, and we pray for the peace of Israel. We speak victory for your chosen people. And we say “Israel, you will be glad as your Father fights for you by looking down from heaven.” Father God, these precious people will take hold of your promise that you grant support to them from Zion. We decree tonight that the enemy of Israel will be pushed back, will be put to shame, and will perish as almighty God deals with them. Our Father will deliver them and push back the enemy continuously for his people. Let the voice of God echo throughout the land. Be strong and do not fear, my children. “I will be faithful, and I will fulfill my promise and save the Jewish people” saith the Lord.
 - All intercessors on the ground and those that have ears to hear, “Rise up and praise and pray for the peace of Israel.” Pray that once again, Israel shall be glad. Lord God, look down from heaven and in your great mercy grant your support from Zion. Put your enemies to shame and perish that they may deal with them, Lord. Deliver your people and push back the enemy. Oh, people of Israel, be strong and do not fear. The Lord your God will save his people. In Jesus name.
 - Father, it is your desire that your people pray for the peace of Jerusalem. And that they, Israel, in this time, can find a time to be glad. As the Lord looks down from the throne room of heaven, grant Israel support from Zion. Father, concerning Israel's enemies, let them be put to shame in their evil calls toward your chosen people and deal with their evil devices with a strong hand to deliver Israel and push back their enemies beyond their borders. Father, we decree that Israel remain strong and not give in to their enemies' attempt to cause them to fear. We decree that a spirit of hope rise up in this time to comfort them with your covenant promises to save your chosen people in their time of need.
 - We come tonight, Lord, to pray for the peace of Jerusalem to come down from heaven like a blanket laid over your chosen children. We ask for the salvation of Israel to rise up during this time as the Lord shows himself faithful and Israel shall be glad. Lord, look down from heaven over this land with great mercy toward the nation of Israel as you hear their cry for help and you respond with boldness, “I grant you support from Zion.” We come together as intercessors to agree in prayer for you to push back the enemy; for you to bring conviction upon the enemy; and if they do not repent and turn from their evil ways, for you to put them to shame and perish them that choose to trust in a lie and not in your spirit of truth. To the workers of iniquity, Lord, deal with them as you halt them in their tracks so that they cannot move forward with their evil plans. As you raise your strong arm on behalf of Israel to deliver and push back the enemy, we call forth your prophetic voice to speak to your people, and give them ears to hear, “Be strong and do not fear.” We declare tonight as a house of prayer that we will not be moved; we will stand on your word; and we will trust in your word to save the people. In the mighty name of Jesus, amen.
