- **“Guardianship of Creative Power” Chronicles:**
  - Lord, we declare that in your creative power that our help comes from you for our family, our church, and our country. Lord, we rest in the fact that you never slumber. How grateful we are, Lord, that no matter the circumstances or situation you will keep our lives through all situations. Forevermore, we are going to trust you in your faithfulness and your loving kindness because the journey is secure in you, in the turmoil or in the routine. We trust that you, God, will not let our foot slip. We rest in knowing you will raise up a standard that cannot be defeated by any man. We declare wickedness will not rest here among our people. He that keepeth Israel is quite capable of keeping us this day as we use our vertical vision to focus only on you, Lord. Today we declare that we will open our eyes to all of your miracles and your promises as we stand with you. In spite of any circumstances, the Lord reassures us that he watches over each of us. We declare this day that the Lord stood with me and strengthened me no matter what the situation around me. In Jesus name.
  - Lord, I rejoice tonight that I have the knowing that my help comes from my heavenly Father, ruler of heaven and earth. As I recalibrate my mind and heart each morning through the reading of your word, I am reminded that “He never slumbers”, and “He will keep your life” now and forevermore. Lord, your word also promises me that the journey is secure as I focus my heart on you and you keep me from stumbling. Help my routine to be rooted in you, so that this promise that “God will not let your foot slip” will be a daily reality in my life. Thank you for reminding me in your word that when the enemy comes in like a flood that the Lord, he will raise up a standard against him. I declare that wickedness will not rest here tonight or any time because he that keepeth Israel will give us vertical vision and will open our eyes to see the promise of your word that says, “The Lord watches over you.” So, now Lord, as I know that the Lord stood with me and strengthened me in the midst of my trials, I declare that I will move forward from this place of your help to abundant and eternal life forevermore. Amen.
