- **“Expect A Christmas Miracle” Chronicles:**
 - “Expect a Christmas miracle.” Lord, we say that your glory will shine around them, for it is you who has created them in their innermost parts. And Father, there will be great joy in these families as you provide their healing. Send a vast number of angels around them to minister to them, and Lord, then to give the good news of their healing. Also, Lord, that you would be glorified and be praised for all the things they have heard and seen you do. And that they would be transformed by the renewing of their minds as they expect a Christmas miracle.
 - The glory of the Lord is shone round about his people, for it was you, Lord, that created their most inward parts, and you alone know them full well. It is you, Lord Jesus, that declares good news, a great joy for all people everywhere, and Lord, specifically for these people we are praying for tonight. We ask that you would surround them with a vast number of glorious angels. And just as Mary pondered these very things in her heart, we will keep these prayers in our hearts for all of those we have lifted up tonight; glorifying and praise God for all the things we have heard and will see on behalf of these people. Expect a Christmas miracle in Jesus’ name. Amen.
 - The glory of the Lord shone round about them like never seen before; to say yes to Jesus and he shall invite you inside his door. It was you, Lord, that created their inward parts inside their mother's womb; how blessed was that moment when Mary found your empty tomb. Jesus, good news of great joy that is for all people who walk in your light; no matter how far we have strayed, we've never left your sight. A vast number of angels watch over the children of his creation; he loves and welcomes all colors, creeds, and nations. She pondered these things in her heart before she gave it all to our Lord; if you hold it all in, you'll be overrun by Satan's horde. Glorifying and praising God for all the things they have heard and seen; keep reading the Holy Bible and more and more revelation you shall glean. Be transformed by the renewing of our minds when we read your holy pages; transform us, Lord, and become your true biblical sages. Expect a Christmas miracle when he moves within our midst; thank you, Jesus, for being the advocate of my long, sinful list. Amen.
 - Father, tonight, as we gather to intercede on behalf of all those on the prayer list, we ask that you shine your light of glory upon them. You, Father, know these individuals; it is you that have created their most inward parts and given them a destiny within your hope of salvation and deliverance. Father, we pray that the good news of Jesus will bring great joy to their lives as they learn of your great goodness. Father, allow us to see your great mercy and love fulfilled in these individuals’ lives as you work out your plan of creation in them. Father, as we ponder your goodness in our hearts to all these we intercede for, let our minds be renewed as well as transformed, while glorifying and praising you for the things that we have heard and seen concerning your love towards us. Father, our expectations toward your promises that were fulfilled in your Christmas miracle of the birth of Christ; let that same miracle be birthed in the hearts and minds of all these on the prayer list. Father, we will rejoice along with those glorious angels that you have assigned to their lives. Amen.

- We praise you, oh God, that the glory of the Lord shone round about them—these precious babies and other prayer requests—for it was you, Lord, that created their inward parts. Jesus, good news of great joy that is for all people has come to us tonight by your spirit; and we believe the miracle of joy will come to all of these on the prayer list. We are believing that a vast number of glorious angels will surround all of these on our prayer list to bring life and healing and hope for a miraculous future that lies ahead. For the mothers on our list, we prophetically declare that as she pondered these things in her heart, she will receive a visitation from an angel of the Lord for great hope and strength to nurture and mother these children. For everyone on the prayer list, we prophetically declare that by the end of the year, they will be glorifying and praising God for the things that they have heard and seen. As you move in the lives of all of us, Lord, we ask that we would be transformed by the renewing of our minds to see and experience more and more of your Spirit. And as we bring our house of prayer to a close, our faith is rising and we expect a Christmas miracle in all of our lives. In Jesus' name. Amen.
- Dan Hanselman's prophetic word. I've been getting the word "Expect a Christmas Miracle". Expect the Christmas miracle and come and drink from the river that is flowing out of the Lord. For this is the time and this is the season that I stretch out my hand. That which is impossible for man is not impossible for me. But you have to expect me to move on your behalf. You have to expect me to do what you have asked me to do. For without your expecting, you won't receive. To receive, I want to give. So, come, come expecting and watch me turn things upside down that the enemy has kept in chaos for a while. Sickness and disease, watch me turn that around on people. Watch me turn seizures around; watch me do the miracles. For this is the time that you will praise me for you have seen and heard what I'm doing. And you will be able to praise because you saw it. So, come expecting this Christmas season; expect that Christmas miracle. Watch Me move on your behalf, says Lord. Amen!
- Dan Hanselman—Second word. Psalms 22:24: You are not alone, He has heard your cries; and he will not cast you aside for you are one of his. And he loves you enough that he will move on your behalf. So, do not think that he has not heard, but he has heard, so come to him in Jesus' name. All the prodigals- Return! Return! For he sees your cries. He sees your cries. So, come. He has his arms out for you. Come into his arms and be embraced with his love afresh. Amen.
