- **“Continually Praising & Blessing God” Chronicles:**
  - We will continually be in the temple, praising and blessing God, and we do this so that people will come to know Jesus. O God, let our hearts burn within. Give us, O God, eyes to see. As we have eyes to see, O God, of those that are just hardheaded, we pray that you would open their minds. Let us see on Sunday that repentance and forgiveness of our sins, starts right here, for it is the providence of God. Lord, it is by your word the reward of repentance is a blessing of your love. What a day it will be at New Life when your people tarry; just waiting on your spirit; waiting just like in the upper room. I pray, O God, that New Life would be a Church that embraces and knows how to tarry; that we would be a people who tarry and wait on the Holy Spirit. I pray, O God, that we would respond. Let us not ever forget that He is risen; and with this truth the risen Savior that opens the gates and sets the captives free. We pray these words of you Holy Spirit. As a House of Prayer, we declare these words out into the spirit realm of Alexander County and leak into Wilkes County. We pray these words would take root and be truth in our lives next week and here at this church; and let us receive these words as directly to us as individuals, and to those who are watching online.
  - Father, on Sunday we will be continually in the temple of New Life, praising and blessing God because of your Resurrection. As we worship you, it will reflect in the people coming to know you Jesus and their hearts will burn within with great passion. The people of New Life will have the eyes to see your love and glory. Father, open their minds to all that you have prepared for them, for the people of New Life. As a result of this repentance, forgiveness will move rapidly among the people. The providence of God will shine greatly in this place and miracles will be prevalent. Blessing of love will radiate greatly. The presence of God will be so enticing the people will tarry and respond with great joy. No one who will walk on these grounds will be unaware that He is risen. In New Life Church we decree, “Open the gates and set the captives free” for the power of love is in this place.
  - Let our voices rise and continually praise and bless God, not only this Sunday but forever more. Lord, we know that it is your desire for all people to come to the saving knowledge of Jesus, so, we ask that you would cause the hearts of those who don't already know you to burn within. Lord, give them eyes to see their great need and open their minds to their true

spiritual condition. Show them the great peace that follows repentance and forgiveness of sin; that a brand new life of existence can start right here by the providence of God. Lord, may we as your people tarry until you come and by carrying the burden of the lost with us daily. Lord, give us the rhema words to speak that would drop the scales from their eyes and that they would quickly respond. Ask them, have you forgotten that He is risen? That He alone has opened the gates and set the captives free? And he did all this for you in the power of love.

- Lord, we declare that at New Life Church, we will continually be in the temple praising and blessing God; and we ask you to let the spirit of praise and blessing move throughout all churches in Alexander County. We ask you to draw the lost here on Sunday by your spirit so that people will come to know Jesus, and so that hearts burning within will have eyes to see your truth. Open their minds and their hearts to receive salvation as we call forth tonight, "Repentance and forgiveness of sins, start right here!" We declare that the providence of God will send forth His blessing of love over all people who will be here on Sunday. We pray in agreement that the people will tarry in your house as they respond to the call of your spirit. As you beseech us tonight, "Have you forgotten that He is risen?" We say no Lord, and we ask you to open the gates and set the captives free to be here Sunday as we gather under your mighty power of love. Let it be done Lord, and we say, yes and amen.
