- **“God Is Making Preparations” Chronicles:**

- Father, we enter into your presence singing praises to our God who is fitting to receive all glory and honor; the one who heals the brokenhearted and sets the captives free. There is absolutely nothing, Father, your power through your Holy Spirit cannot accomplish to those whose names you have known through the beginning of time. Father, as we take hold of your promises, let your words run swiftly before us to win the battle set before us. Father, we trust in your unfailing love that renews and strengthens our souls to continue to do the good works; bringing in the outcasts to your kingdom where you are making preparations for their heavenly home, the provisions of life and liberty. Amen.
- The Lord wants you to know there is absolutely nothing His power cannot accomplish; that He heals the brokenhearted and He knows your name; that His word runs swiftly and His love is unfailing; and He gathers the outcasts and brings them home. God Himself is making preparations, for this will be a place where His presence of provision will be. So, it is good to sing praises to the Lord and it is fitting to praise Him.
- We come into New Life Church and say, “It is good to sing praises unto our God”, because it is fitting to praise Him for all he has done for His people. We decree, “There is absolutely nothing His power cannot accomplish as your children stand in your presence, Lord.” The brokenhearted people will enter the doors of the sanctuary and be healed by His power. The Lord would say to His children, “I know your name and I love you unconditionally”. His word runs swiftly through this holy place as it covers every person with love from the throne room of heaven. His unfailing love will radiate through all that pray for the lost from Thursday and Sunday. We shout unto the heavens “Jehovah, gather up the outcasts and bring them home to New Life Church.” Father, God, thank you for making the preparations and fulfilling your promises for our church. The presence of your wonderful provisions will be in this place as we pray and worship you tomorrow and Sunday. In Jesus name.
- Lord God, it is our great pleasure to sing praises to you. It is fitting to praise you, Lord, for the wonderful things you have done. There is absolutely nothing your power cannot accomplish. You know just how to heal the brokenhearted. You know each one by name and not a hair falls from their head that you do not see. Your word runs swiftly to apply the balm of Gilead to the wounded heart. Your unfailing love is ever present in times of trouble. You gather up the outcasts in your arms and bring them home. Lord, we thank you that you are already making preparations to accomplish your purpose and the presence of your provision. In Jesus name.

- We declare that it is good to sing praises unto our God; and it is fitting to praise Him at all times and in all circumstances. There is absolutely nothing His power cannot accomplish as he heals the brokenhearted and binds up their wounds. He knows your name, and He holds your purpose all the days of your life. His word runs swiftly to cover your past, to meet you in your present, and to provide for your future from the deep wells of His unfailing love. Yahweh gathers up the outcasts and brings them home to a place of mercy and forgiveness. God is making preparations for you as you make your way here; and he is creating a presence of provision for every need you will bring. We are thankful for all things, and we say yes and amen to all that you have in store for us. In Jesus' name Amen.
- Prophetic Word from Dan Hanselman: Last week I saw fire on the stage. This week I am seeing water cascading over it; and it is just flowing; and it is going to be a washing of the people as they come and taking away their hopelessness. And those that are even here praying, it will be where they can go sit under it for refreshing. Sunday when we come in, it will be like walking in water waist deep. For the Lord is moving in a mighty powerful way. He is wanting to set the captives free and he shall do it, because His word does not return to him void.
