- **“Hammer Time” Chronicles:**

- Father God, as we come into the sanctuary, we declare you, oh God, have ordained strength for all who are sick and weak in their bodies. As they wait upon your promise, you alone make their enemies cease for eternity. Let us at New Life stand in the gap with childlike worship, which has much healing power. You have crowned us with glory and honor; and we speak your glory and your honor with mighty mercy over our sick people. As we pull down heaven in our worship, we hammer it for mercy straight from the throne room of heaven. We praise you because you are glorious and powerful to heal our sick. As we receive your mercy in this holy place, let us remember your words that are a light unto our path, which will brighten the way for healing and restoration. In Jesus’ name, amen.
- Lord God, tonight we call upon your ordained strength for each of these who are crying out for you to intervene in their situations. Your great power is all it takes to make our enemies cease their path of destruction. Let us lay down our grown-up inhibitions and dance like David danced in childlike worship before you. This has great power in your economy, Lord. You crown us with glory and honor when we reach to give you our highest praise. Lord, we grab hold of the hem of your garment and cry out for your mighty mercy. We hammer heaven with our declarations of healing, for we trust in your glory and power to raise up on behalf of these people we love. May each one on this prayer list receive healing as you extend your great mercy to them; for your words are a light unto all of our paths. In Jesus’ name.
- Thank you, Jesus, for the ordained strength only you can provide; you can brighten the darkest of days and close the greatest divide. You wash away our sins and you make our enemies cease; this was all sealed when the lamb wore the blood-stained fleece. Never forget that childlike worship has power; it will make Satan breakdown and cower. You have crowned us with glory and honor as one of your own; I can't imagine a day that I worship at the foot of your throne. Thank you, Jesus, for your mighty mercy and grace; it's amazing how your love crosses all time and space. We hammer heaven for mercy and healing; please lift all up, our prayers for your holy ceiling. He is glorious and powerful over all realities; He can break through all principalities. Please, Lord, let us receive your mercy into our heart; only you can command Satan to depart. His words are a light unto my path; stay in his way and never feel his wrath. Amen.
- Lord, you have ordained strength in all of these precious people on our prayer list; so, we call forth this strength in Kelly, Jeff, Steve, Roger, Faye, Abel, Theo and Rachel, and

Graham and Rachel to manifest tonight in great power. You make our enemies cease as our childlike worship has power for you to break strongholds over each one of these people. You have crowned us with glory and honor, so bestow your mighty mercy to allow Kelly, Jeff, Steve, Roger, Faye, Abel, Theo and Rachel, and Graham and Rachel to walk in favor to rise-up and trample over the struggles they face. We hammer heaven for mercy tonight over these people as you stir up strength for them to rise-up in praise as they shout and declare, “He is glorious and powerful.” And now, we receive your mercy over Kelly, Jeff, Steve, Roger, Faye, Abel, Theo and Rachel, and Graham and Rachel as we believe as a House of Prayer with great faith for each of these that the scripture that says “His words are like a light unto my path” will create turnaround in each of their lives. And we say yes and amen.

- Prophetic Word from Dan Hanselman:

- I'm getting the word turnaround. And things that have gone one way are going to be turned in the opposite direction. The negative-ness is going to be pushed to the side and positive—this is coming forth; and you will see my hand turn the situation around in these lives. You will see my hand move in a mighty powerful way, for I am a God that loves my children; and I love to turn things around that the enemy has come in to destroy. “I am on their sides” says the Lord. So, watch for the turnaround; expect the turnaround; and see the turnaround come as I move in this time and in this hour, says the Lord.
