2. “Pray Without Ceasing” Chronicles:

- Activate Steve when he takes up his tambourine and dances; and activate Kelly as she sings a song of joy. Dear Heavenly Father, we do ask and pray that the joy of your spirit would not be removed; that it would be remaining. We ask and pray that you would activate and strengthen Kelly according to your word; that you would activate a major upgrade. Lord Jesus, Kelly is saying, “Here I am Lord”. We ask and pray that you would activate in her life fresh and new for you to take your place. We ask and pray that your spirit would be in place and stand. For we know, O God, and we pray that you would activate this victory that is yours. Lord Jesus, we ask and pray that you activate because the Lord gives victory over his anointed. Activate this prophecy: this word that was given in Kelly's life and grant her a long life; because you activate in all of us and in Kelly that we are more than conquerors. Lord God, we ask and pray that your Holy Spirit would activate your fire upon this congregation, upon Steve, upon Kelly. We pray, O God, that this fire would be activated. Lord, we don't want to bring definition, we just want to pray for activation of it. We don't have to understand it. We just ask that you let it fall because we know that your promises give life. Amen.
- Lord, we activate our faith for Kelly's healing tonight. In faith we delight as we watch Pastor Steve take up his tambourine and dance, because Kelly will be singing a song of joy—because Kelly will not be removed before her time. Lord, we ask that you strengthen Kelly according to your word and your promise: Kelly who now has had a major upgrade. The prayer vigil was a time of New Life members saying, “Here I am Lord, ready to stand in the gap for Kelly's healing”. We took our place and we stood. And the Lord said, “Victory is yours Kelly”. It is always to the Lord's promise to give victory over His anointed, Steve and Kelly, as he grants them a long life. As we stand for the victory the Lord promises, we are more than conquerors and we are created for this time and for this season. We will see the fire fall as the glory of the Lord fills Kelly's body, spirit, and soul as your promise brings Kelly life.
- Lord, activate our mandate to pray unto you without ceasing. So, we shout for joy, Lord,

and we take up our tambourine and dance. As a result, none of your people will be removed before their time. Lord, strengthen Kelly's body according to your word. As we gather in prayer, let there be a major upgrade to the effectiveness of our prayers on Kelly's behalf. We say, "Here we are Lord, your people are willing to continue in prayer until you answer". We agree it is time for us to take our place and stand because the victory is yours. Lord, we thank you that you give victory over your anointed and you grant them a long life. We declare that we are more than conquerors through Christ Jesus. Lord, let your fire fall, your promise gives us life.

- Lord, you have called us to pray without ceasing, and as a corporate body we say, "Yes Lord!" We ask you to activate a spirit of prayer within our corporate church body; and cause rivers of living water to flow from our bellies. With the strength of the Lord, may Kelly sing a song of joy unto you Lord; and from a heart of thanksgiving, may Steve take up your tambourine and dance with exuberance praise. We see and hear that you have not removed your hand and your spirit from us; so, we ask for you to strengthen Kelly according to your word—for the joy of the Lord is her strength. We believe that you are doing a major upgrade in the midst of our congregation so we each say, "Here I Am Lord." As you speak to us "Take your place", we respond as we stand. And in this place of standing, we decree that "Victory is Yours", so "Victory is Ours". For those in our congregation who are in need, we believe the Lord gives victory over His anointed. For Steve and Kelly, we ask you to grant them a long life. We, the congregation of New Life, are more than conquerors, Lord, through you who have overcome; so, we ask you to let your fire fall as we take hold of your Word that your promise gives me life. And we say, "Yes and Amen".
