- **“Path of Life” Chronicles:**

- In the path of life, we will always trust in you. Whatever we go through, you will be our hiding place. We will come into your presence and have an encounter with you that you would show each of us our path of life. Lord, as a special request we ask for the children that there would be a move of God, and for the youth a move of God. And Father, I always want to add the ages of the 30’s and the 40’s and the young adults, a move of God. God would there be a holy hunger that they would seek your righteousness, for you love righteousness! So let your oil refresh them and us, Lord, that we would fly like a bird onto your mountain. By the power of the Holy Spirit as Christ is our foundation.
- Father God, as we come into your sanctuary, we declare we will always trust in you as we wait upon your promise to heal our people. Yes, let all of those who are sick find their rest and their peace in the special hiding place with you. Father God, we shout the victory as you, Lord, show us the path of life for all of those who have lost hope. This Sunday, the righteous of New Life will come into your presence and gaze into your face as we celebrate the goodness of our God. The children and the youth will celebrate with us in a move of God. Let holy hunger radiate throughout this region. People from far away will hear about New Life and say those people know and love righteousness. You can go to that sanctuary to receive the oil of the holy ghost that will refresh you. The Lord is inviting his people to flee as a bird to his mountain and to seek him with their whole being. We will shout from his holy place because of you, Father God. We can abound in hope and love and peace and joy, and God will be our firm foundation.
- Lord, we put our trust in you for you are a safe and sure hiding place. In your hiding place, the righteous are able to come into your presence and gaze upon your face. There you reveal our paths of life. Lord, here at New Life we call forth the children in the community and in our midst for a move of God. May the youth also begin to flow in a move of God fueled by their holy hunger. God loves the righteous and those that will let the oil with his anointing refresh them. Lord, let your people flee as birds to your mountain that they may abound in hope and in all joy and peace in Christ, for Christ is the only firm foundation. In Jesus name.
- A prayer of Kelly, James, baptized boy, Abel, Angelica, JD, and Jeff: I always trust you, Lord, for you are my hiding place. I have a knowing from your word that the righteous

come into his presence and gaze upon his face. So, as I enter your presence, I beseech you to show me the path of life for the next phase of my journey. Lord, I long to see the children in a move of God; and I long to see the youth in a move of God so that a holy hunger will overtake our spirits as we wait on you to come; and then as we watch you move in all of us. I know he loves the righteous, so I cling to your feet, Lord, as you move out of your throne room and declare over me, “and let the oil refresh you”. As you pour out your oil over me, I flee as a bird to my mountain of communion with you—that I may abound in hope in all joy and peace. I declare that Christ is my firm foundation for all that lies ahead of me, as once again, I choose to trust in you. In Jesus' name, amen.

- **Prophetic Word from Dan Hanselman:**

- We are declaring that we will strengthen the feeble hands, so that they can do the work that the Lord has called them to do; to stand tall and strong to grab hold of the plow and plow the furrows straight. Now, we are declaring that the enemy has no place to cause fear upon them, for we cover them with the grace of God, the mercy of God. We cover them with prayer and supplication to protect. We put the shield of faith round-about them. We stand with them. We walk with them so that they do not faint or lose heart. But we are there as a body delivering the strength of the Lord, through our prayers, through our petitions, through our decrees, through declarations. We are the army of God, and the enemy is defeated. The oil has been poured out. Take hold, come under that oil and let the oil refresh you. Where you have rusted and your joints are moving slow, let the oil come into those joints to lubricate so that you can move as I direct you, says the Lord. For this is a time in the season of lightning-fast strikes that the enemy will not know where it will come from; but you have to be ready, you have to be ready. So go and get the oil; do not lack the oil. For this is a season for the oil to be poured out, you need it. So, come. I am beckoning you to come and buy the oil so that you can accomplish what I have. And you will see my hand move in a mighty powerful way. For this is the season of new life coming forth. New life is coming forth. Watch what I do as you move with me, for I have set a shield of protection round about you. If you trust me, you will break down the walls that the enemy has erected. You will see the healings coming forth; you will see the deliverance coming forth; you will see this county and the surrounding counties change for the Lord God almighty is moving in a mighty powerful way. So, come and get the oil; come and receive the oil; come and deliver the oil to those that need it also, says the Lord. Amen.
