

What Does the Bible Say About Healing?

Francis MacNutt

“The full expression of Jesus’ main ministry has, by and large, remained lost to the traditional centers of Christianity. That is a bold statement, but it needs to be set out in plain view, in its stark outline, so we can come to realize that we have accepted ‘the traditions of men’ rather than the authentic traditions of Christianity.”

“On the subject of healing, people have been taught today to believe in traditions in the place of the plain Word of God. This has turned the whole world into a veritable Nazareth of unbelief. I mean by that, today community unbelief is almost general.... We can get only as far as we can get rid of the ‘traditions of men’ regarding healing. We have to teach people what the Scriptures actually teach on the subject.”

Word to David Sutton

February 18, 2012

1:47 a.m.

“Welcome to the North Carolina meeting.
I am about to release revival into this church.
I am going to make this church the hub of
a regional revival that will change the region.
There will be a release of revival into this house
that will impact the nation.”

later in the afternoon

”This region is ensconced in religion and superstition,
and it has blocked the flow of my Spirit.

In the days to come you will see those that have been
locked into that religious system begin to come.

You will see them begin to come.

Some will come to observe,

some to experience,

and some will go back,

and some will come to stay.

That wall has toppled.”

“God is handing you something.
Pick up the word and run with it.
The word has challenged us.
God wants to send something so special here.”
